Congratulations! You have successfully completed, with distinction, the free online offering of Game Theory, offered from March to May 2012. To successfully complete this free online class, students were required to watch lectures, complete problem sets, and take a final exam. According to our automated system, your scores on these components were as follows:

Problem Sets: 93.3 out of a maximum of 100
Final Exam: 96.9 out of a maximum of 100
Scaled Total: 94.4 out of a maximum of 100

We thank you for your interest in studying Game Theory, and for participating in our ambitious experiment to deliver quality educational content to a worldwide audience.
